EXPERIENCE

Java Full Stack Intern at Linkcode Technologies | Java Servlet-JSP, Oracle

Aug 2021 - Sept 2021

- Completed a 6-week project-based internship at Linkcode Technologies, where I developed dynamic web projects using Java, Servlets, and JSP.
- I gained hands-on experience in Java full-stack development architecture and Agile methodology, working on real-time projects.
- The mentoring and support from company mentors were excellent.

Web Developer Intern at LetsGrowMore | HTML, CSS, JS and PHP-MySQL

Sept 2021 - Oct 2021

- Completed a 1-month Project-based Virtual Internship at LetsGrowMore Organization.
- Led the development of a static website and a Student Result Management System using PHP-MySQL, following a structured SDLC framework, coding standards and error handling mechanisms.

PROJECTS

Savetime- Banking Web App 🚀 | Java Servlets-JSP and Oracle

Jun 2021

- MVC-based banking application, optimizing operations, managing accounts, and processing transactions, boosting the efficiency.
- Designed features for deposits, withdrawals, phone credit purchases, and transaction history in the project, facilitating seamless user transactions and satisfaction.

WorkConnect- Online Job Searching Portal 🚀 | Java Servlets-JSP and Oracle

Feb 2023

- Workconnect is a Web-based application or online platform that aims to address the issue of unemployment by providing a solution for job seekers to find employment opportunities.
- It provides features such as job listing, application tracking, resume building, personalized job alerts, advanced filtering, and online mock tests for practice.

Personal Portfolio Website 🚀 | HTML, CSS, JavaScript, React JS

Jul 2023

- Highlighting my journey in the tech world, effectively showcasing my professional story
- Strengthened online resume with sections covering education, work, projects, achievements, certificates, contact info, social media, etc.
